## PLOČNIČKA VINSKA CESTA / PLOČNICA WINE ROAD

Na Pločnici se može pronaći preko 100 autohtonih vrsta grožđa. Čitlo područje Pločnice karakterizira većinom bijelo vino, uglavnom i mirno, sjajno i lagano, što je ipak očigledno i kod crnih vrsta, ali se vino redizira.

Ono po čemu je Jastrebarsko poznato osim što je Pločnička vinoka cesta koja je otvorena još 2001. godine, i po tome što područje Pločnice ima mnogo manjih i većih vinograda razasutih po brežuljacima Pločnice, mnogi ih je i rado upoređuju s amfiteatrom, a samu vinoka cestu završili su ministarstvom poljoprivrede i šumarstva. Vino iz godine u godinu osvaja brojne nagrade diljem Hrvatske, ali i šire.

There are more than 100 indigenous grape varieties on Pločnica. The whole Pločnica region is characterized by mostly white wines, sparkling and still, fresh and light wines, with lovely floral and fruity aromas, but there are also a growing number of aged and macerated wines.

One of the things Jastrebarsko is especially known for is the Pločnica Wine Road, which was opened in 2001. Because of the location of many smaller and larger vineyards scattered on the hills of Pločnica, many will compare them with amphitheatres, and from the wine road to a miniature Italcany on Zagreb's doorstep. Year after year, the wines win numerous awards throughout Croatia and beyond.
