

# Some notes about the training activities

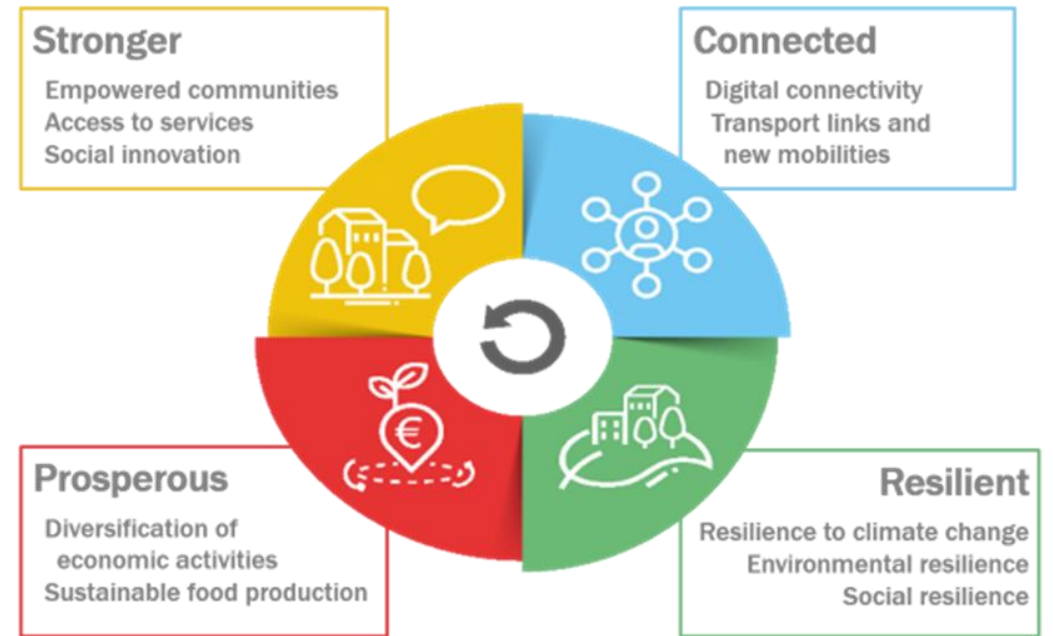

**Tiago Costa Pina, TISpt**

Third ERMN meeting, 31.01.2024

# Training objectives

*Foster the capacity of municipalities and rural stakeholders to develop and implement sustainable, inclusive, and integrated mobility solutions in its territories to pursuit stronger, resilient, connected, and prosperous rural areas,*

# Training concept

- A set of trainers in each of the **15 European countries**
- The **trainers are mobility experts** trained by the consortium
- The training is provided in the **local language**
- **Target audience: rural municipalities, but also multiplier organizations** (regions) and rural development associations

# Training modules

- Rural shared mobility solutions (kicked off the 23/11)
- Sustainable Rural Mobility & Tourism (to come)
- Sustainable Mobility Plans: guidance for rural areas (April / May)
- Funding and financing opportunities, and framework for sustainable mobility services, solutions, and initiatives. (June / July)

# Thanks for your attention

Tiago Costa Pina
